

Create and configure IBM cloud services

The screenshot shows the IBM Cloud Dashboard in a web browser. The browser's address bar displays "cloud.ibm.com". The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for "Catalog", "Manage", and the user profile "Hari sudhan Elamaram...". The main content area is titled "Dashboard" and features a "Create resource" button. Below this, a "For you" section displays several recommended actions, including "Build a web app with Watson Speech to Text", "Get Started with Watson Studio", "IBM Watson Knowledge Catalog", "Build a Virtual Private Cloud (VPC)", and "App Cloud". A "User access" section is also visible, along with a "News" section titled "Introducing Badges to IBM Cloud Certification". The Windows taskbar at the bottom shows the system clock as 14:54 on 19-11-2022.

The screenshot displays the "Internet of Things Platform-jv" page on the IBM Cloud services page. The page is titled "Resource list / Internet of Things Platform-jv" and shows a "Manage" tab with sub-tabs for "Plan" and "Connections". The main content area is titled "Let's get started with IBM Watson IoT Platform" and includes a "Launch" button. Below this, a section titled "Ready for the next level?" introduces the "IBM Watson IoT Platform Journey". The journey is divided into three stages: "Lite", "Non-Production", and "Production". The "Lite" stage is currently selected, indicated by a checkmark. The "Non-Production" stage is marked with a circle, and the "Production" stage is also marked with a circle. The Windows taskbar at the bottom shows the system clock as 14:56 on 19-11-2022.
